

ADVANCED ACCOUNTANT - ARDENT INVEST

A Family Office created by the initiative of entrepreneurs from Liège, Ardent Invest manages a portfolio of companies active in real estate, media, food & beverages, HORECA, energy saving, intech and impact investment. Ardent Invest advises and invests in companies to develop the Belgian economic fabric, offering the companies in their portfolio the expertise of successful entrepreneurs and a team of advisers that are experts in management, financial, accounting, legal and social matters. For more information, please take a look at our website: www.ardent-invest.be

For some of its holdings, Ardent Invest manages the accounting as well as the financial, fiscal and administrative aspects. This represents about 40 companies from various sectors: commercialization of LED screens (Ledcom), HORECA (Ibis Styles Liège Guillemins, future Tripick Brasserie), real estate promotion (Ardent Real Estate), commercialization of beer (Tripick) and intelligent lighting (Energy Saving Consulting).

As part of the development of their services, Ardent Invest is actively looking for an **experienced accountant** to contribute to the growth of the organization while offering a quality service.

The role

Reporting to the expert accountant in charge of the accounting services and with the support of an account and assistant accountant, you will ensure the correct account keeping from "A to Z" (until the annual accounts are done), including related taxation.

Your main tasks will be the following:

- A to Z account keeping including dealing with tax aspects
- Revising work carried out by the accountant and assistant accountant
- Entering bank details, products and expenses as backup
- Revising the general journal and the general ledger, including the sales journal and the purchases journal
- Revising the merging of bank accounts and the sales and purchases journals
- Calculating and transcribing the end-of-month entries for depreciation, provisions, accrual accounts, etc.
- Communicating with subsidiaries to get all necessary information
- Preparing the annual accounts
- Preparing intermediary situations
- Supervising and preparing the worksheets for corporate and tax returns
- Preparing income tax returns
- Periodically reconciling the balances of VAT accounts in accounting with the documents submitted to the administration
- Verifying the accuracy of VAT returns

- Preparing the necessary information for periodic reports

Skills

- University degree or higher education degree in taxation or accounting
- At least 5 years' experience in an accounting firm / in the accounting service of a commercial company or in a similar role
- Good command of IT and office tools
- Experience using accounting software (e.g.: BOB)
- Good communication skills, both written and verbal
- Ability to work in a team and good team spirit
- Ability to take initiative
- Ability to manage several priorities
- Willingness to learn
- Analytical ability and attention to detail
- Thorough and organized
- Knowledge of English (A2) - good knowledge of Dutch (B1) is a plus

What we offer

- Long-term opportunities in a growing group
- Great diversity
- A high-quality work environment
- An attractive salary package
- A young and multidisciplinary team
